Western Hills Water District Act # 1745-00

I oppose the proposed increase rate schedule starting Jan 2022. I am opposing for the following reasons:

On June 9, 2021 Director Matthew Manning, President adopted at a special meeting of the Board of Director's of Western Hills Water District sent each Diablo Grande resident a statement via Ordinance No. 2021-1. This document states:

- A five percent Table "A" Water Allotment for 2021
- Due to on going contractual dispute between WHWD and the Kern County Water Agency KCWA limiting water deliveries to WHWD 250 acre feet per year through 12/31/2021
- Water Code 375,, et seq., District enabled to implement conservation measures

1. Western Hills Water District Board of Directors hereby ordains California in a state of drought

2. KCWA's determination that it will limit WHWD water deliveries as mentioned above. There is a significant likelihood that water demands in the District cannot be met.

3. Present conditions compromise the District's ability to supply raw water and / or treated water to its customers.

4. Seeks to reduce water usage by at least 25%.

5. A. All meters (1" & 2") will be monitored water usage tracked to ensure a 25% reduction is use.

B – m including I, ii, iii Rules of water usage

6. Strict Enforcement Ordinance No. 2014-02

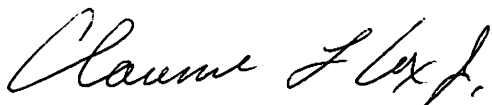

In September Diablo Grande residents receive another letter requesting that each household needs to reduce their water consumption by 25% per month or we will run out of water.

Now you send a letter informing the residents of Diablo Grande that current rate revenues do not cover District's cost to provide water service resulting in a shortfall of \$2.6m per year.

The districts water system was designed to support 800 residential accounts and there are less than 600. Revenues from the Diablo Grande Country Club, Golf Course and vineyards have disappeared. The country club and Golf course no longer exist due to a dispute over "unpaid water bills". If we are truly in a drought and there is a need to reduce water consumption could Western hills Water District have provided the necessary water to cover 200 additional households, the country club, the golf course, the vineyards?

The residents of Diablo Grande pay 3 times more for water each month than the residents in the city of Patterson who receives water from Western Hills Water District. The largest percentage of the Mello Roos tax is water. The residents of Diablo Grande pay their water bills, or they will get cut off. Do not punish the residents of Diablo Grande for the former and current Property Management / Western Hills Water District for mismanaging their business practices.

Property values have suffered due to loss of amenities which all stem right back to the subject of water. Please do not make it worse.

As property owner of 9541 Sarazen Court in Diablo Grande, California, I **protest the proposed water rate adjustments and increases.**

1. We already pay above market rates for water that is currently under rationing for the next two years.
2. Your reasoning for increases is illogical. The fact that the current contract was to support 800 homes rather than the 600 currently on-site places us in a catch 22 position. Without cheap water the golf course cannot operate, and our community cannot continue to expand. This puts a permanent choke hold on this community as well as our property values.

### Proposed Western Hills Water District Water Rate Increase Protest Form

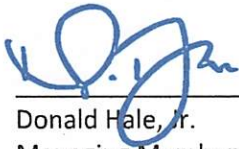

"If you wish to file a written protest, please send a protest in a sealed envelope addressed to "Water Rates, Western Hills Water District, 9501 Morton Davis Drive, Patterson, CA 95363." Any record owner of a parcel upon which the water charges are proposed to be imposed and any tenant owner directly liable for the payment of water charges (i.e., a customer of record who is not a property owner) may submit a written protest; however, only one protest will be counted per identified parcel. Any written protest must: (1) state that the identified property owner or tenant is opposed to the proposed water rate adjustments and increases; (2) provide the location of the identified parcel (by Assessor's Parcel Number); and (3) include the name and original signature of the property owner or tenant submitting the protest. The Western Hills Water District must receive your protest at or before the time set for the public hearing. If the party signing the protest is not shown on the last equalized assessment roll of Stanislaus County as the owner of the parcel(s), then the protest must include written evidence that such party is the record owner of the parcel."<sup>1</sup> California law allows protests to be submitted at the required public hearing. See, generally, California Government Code 53753, *et seq.*; *Hill RHF Housing Partners, L.P., et al. v. City of Los Angeles* (2020) 51 Cal.App.5<sup>th</sup> 621.

### Proposed Western Hills Water District Water Rate Increase Protest Form

"If you wish to file a written protest, please send a protest in a sealed envelope addressed to "Water Rates, Western Hills Water District, 9501 Morton Davis Drive, Patterson, CA 95363." Any record owner of a parcel upon which the water charges are proposed to be imposed and any tenant owner directly liable for the payment of water charges (i.e., a customer of record who is not a property owner) may submit a written protest; however, only one protest will be counted per identified parcel. Any written protest must: (1) state that the identified property owner or tenant is opposed to the proposed water rate adjustments and increases; (2) provide the location of the identified parcel (by Assessor's Parcel Number); and (3) include the name and original signature of the property owner or tenant submitting the protest. The Western Hills Water District must receive your protest at or before the time set for the public hearing. *If the party signing the protest is not shown on the last equalized assessment roll of Stanislaus County as the owner of the parcel(s), then the protest must include written evidence that such party is the record owner of the parcel.*"<sup>1</sup> California law allows protests to be submitted at the required public hearing. **Proposed Western Hills Water District Water Rate Increase Protest Form**

"If you wish to file a written protest, please send a protest in a sealed envelope addressed to "Water Rates, Western Hills Water District, 9501 Morton Davis Drive, Patterson, CA 95363." Any record owner of a parcel upon which the water charges are proposed to be imposed and any tenant owner directly liable for the payment of water charges (i.e., a customer of record who is not a property owner) may submit a written protest; however, only one protest will be counted per identified parcel. Any written protest must: (1) state that the identified property owner or tenant is opposed to the proposed water rate adjustments and increases; (2) provide the location of the identified parcel (by Assessor's Parcel Number); and (3) include the name and original signature of the property owner or tenant submitting the protest. The Western Hills Water District must receive your protest at or before the time set for the public hearing. If the party signing the protest is not shown on the last equalized assessment roll of Stanislaus County as the owner of the parcel(s), then the protest must include written evidence that such party is the record owner of the parcel."<sup>1</sup> California law allows protests to be submitted at the required public hearing. See, generally, California Government Code 53753, *et seq.*; *Hill RHF Housing Partners, L.P., et al. v. City of Los Angeles* (2020) 51 Cal.App.5<sup>th</sup> 621.
