

9501 Morton Davis Dr
Diablo Grande, CA 95363

March 11, 2021

Dear Ms. Lucas:

As you may know, the Western Hills Water District Board of Directors is in the process of implementing a water rate increase in accordance with Prop. 218.

WHWD will be holding a number of special meetings in the future to provide the public and ratepayers with information relative to the proposed increase. At the March 10, 2021 WHWD meeting, the District's consultants provided a draft rate study and the Diablo Grande community learned for the first time the projected water rates without the "developer subsidy" or golf course water revenues. As both of these revenue shortfalls are attributable to Angel's Crossing failure to properly fund the District, WHWD specifically invites Angel's Crossing representatives to discuss the proposal, and Angel's Crossing role in that process.

On March 17, 2021 WHWD will hold a Special Meeting where the community will be provided the opportunity to ask the District's consultants questions after the public has had an opportunity to digest the draft rate study. A subsequent special meeting will be held on March 24, 2021. The Board of Directors offers Angel's Crossing an opportunity to specifically address the community on these issues, and will provide a block of time dedicated to Angel's Crossing at the 3/24 meeting.

Please RSVP to this invitation by email and provide the names of those who plan to be in attendance and provide comments during the portion of the meeting dedicated to this discussion.

Sincerely,

✕ 

Matthew Manning
President, Western Hills Water District
Board of Directors
