***Explanation of the term Volume:**

Volume is the figure used in calculating the monthly payment. It is defined as:

- The employee's actual benefit (For example, the benefit amount an employee would receive if approved for a Life claim.)
- OR, if your benefit is rated as a percentage (Percent symbol "%" following your rate(s) above), then it is defined as:
- The employee's eligible payroll amount, not the employee's actual benefit amount.

For detailed information about invoice calculations, please refer to your group policy or your Sun Life Financial Group Benefits Administrator's Guide.

PAYING YOUR BILL, LATE PAYMENTS, RETURNED CHECK FEES and PAST DUE BALANCES

You are responsible for all legitimate, undisputed charges on your bill. Paying by check authorizes Frontier to make a one-time electronic funds transfer from your account, as early as the day your check is received. When making an online payment, please allow time for the transfer of funds. If funds are received after the due date, you may be charged a fee, your service may be interrupted and you may incur a reconnection charge to restore service. A fee may be charged for a bank returned check. Continued nonpayment of undisputed charges (incl. 900 and long distance charges) may result in collection action and a referral to credit reporting agencies, which may affect your credit rating.

IMPORTANT CONSUMER MESSAGES

You must pay all basic local service charges to avoid basic local service disconnection. Failure to pay other charges will not cause disconnection of your basic service but this may cause other services to be terminated. Frontier Bundles may include charges for both basic and other services. Frontier periodically audits its bills to ensure accuracy which may result in a retroactive or future billing adjustment.

Internet speed, if noted, is the maximum wired connection speed for selected tier; Wi-Fi speeds may vary; actual and average speed may be slower and depends on multiple factors. Performance details are at frontier.com/internetdisclosures.

Billing and service complaints may be submitted to the California Public Utilities Commission, Consumer Affairs Branch www.cpuc.ca.gov/complaints/; or 1-800-649-7570; or 505 Van Ness Ave., Room 2003, San Francisco, CA 94102.

Installation or setup fees paid at the initiation of the Service, if any, are not refundable.** By using or paying for Frontier services, you are agreeing to these Terms and that disputes will be resolved by individual arbitration.

PAYING YOUR BILL, LATE PAYMENTS, RETURNED CHECK FEES and PAST DUE BALANCES

You are responsible for all legitimate, undisputed charges on your bill. Paying by check authorizes Frontier to make a one-time electronic funds transfer from your account, as early as the day your check is received. When making an online payment, please allow time for the transfer of funds. If funds are received after the due date, you may be charged a fee, your service may be interrupted and you may incur a reconnection charge to restore service. A fee may be charged for a bank returned check. Continued nonpayment of undisputed charges (incl. 900 and long distance charges) may result in collection action and a referral to credit reporting agencies, which may affect your credit rating.

IMPORTANT CONSUMER MESSAGES

You must pay all basic local service charges to avoid basic local service disconnection. Failure to pay other charges will not cause disconnection of your basic service but this may cause other services to be terminated. Frontier Bundles may include charges for both basic and other services. Frontier periodically audits its bills to ensure accuracy which may result in a retroactive or future billing adjustment.

Internet speed, if noted, is the maximum wired connection speed for selected tier; Wi-Fi speeds may vary; actual and average speed may be slower and depends on multiple factors. Performance details are at frontier.com/internetdisclosures.

Billing and service complaints may be submitted to the California Public Utilities Commission, Consumer Affairs Branch www.cpuc.ca.gov/complaints/; or 1-800-649-7570; or 505 Van Ness Ave., Room 2003, San Francisco, CA 94102.

SERVICE TERMS

Visit Frontier.com/terms, Frontier.com/tariffs or call Customer Service for information on tariffs, price lists and other important Terms, Conditions and Policies ("Terms") related to your voice, Internet and/or video services including limitations of liability, early termination fees, the effective date of and billing for the termination of service(s) and other important information about your rights and obligations, and ours. Frontier's Terms, include a binding arbitration provision to resolve customer disputes (Frontier.com/terms/arbitration). **Video and Internet services are subscription-based and are billed one full month in advance. Unless otherwise required by applicable law, video and/or Internet service subscription cancellations and any early termination fees are effective on the last day of your Frontier billing cycle. No partial month credits or refunds will be provided for previously billed service subscriptions. Installation or setup fees paid at the initiation of the Service, if any, are not refundable.** By using or paying for Frontier services, you are agreeing to these Terms and that disputes will be resolved by individual arbitration.

PAYING YOUR BILL, LATE PAYMENTS, RETURNED CHECK FEES and PAST DUE BALANCES

You are responsible for all legitimate, undisputed charges on your bill. Paying by check authorizes Frontier to make a one-time electronic funds transfer from your account, as early as the day your check is received. When making an online payment, please allow time for the transfer of funds. If funds are received after the due date, you may be charged a fee, your service may be interrupted and you may incur a reconnection charge to restore service. A fee may be charged for a bank returned check. Continued nonpayment of undisputed charges (incl. 900 and long distance charges) may result in collection action and a referral to credit reporting agencies, which may affect your credit rating.

IMPORTANT CONSUMER MESSAGES

You must pay all basic local service charges to avoid basic local service disconnection. Failure to pay other charges will not cause disconnection of your basic service but this may cause other services to be terminated. Frontier Bundles may include charges for both basic and other services. Frontier periodically audits its bills to ensure accuracy which may result in a retroactive or future billing adjustment.

Internet speed, if noted, is the maximum wired connection speed for selected tier; Wi-Fi speeds may vary; actual and average speed may be slower and depends on multiple factors. Performance details are at frontier.com/internetdisclosures.

Billing and service complaints may be submitted to the California Public Utilities Commission, Consumer Affairs Branch www.cpuc.ca.gov/complaints/; or 1-800-649-7570; or 505 Van Ness Ave., Room 2003, San Francisco, CA 94102.

No partial month credits or refunds will be provided for previously billed service subscriptions. Installation or setup fees paid at the initiation of the Service, if any, are not refundable.** By using or paying for Frontier services, you are agreeing to these Terms and that disputes will be resolved by individual arbitration.

Plant water flow meter not reading accurately. Arrive on-site and inspect flow meter and transmitter. The flow tube is an older model and has electrode covers. Contacted manufacturer and inquired about replacement electrodes, was informed that the electrodes are not replicable. Removed existing flow tube and inspected, noted minor scaling on flow tube walls and rust buildup on both electrodes with additional material buildup on right hand electrode. After inspection it was decided to replace the flow tube with an onsite spare. Installed replacement flow tube, wired, configured transmitter and startup.

Contact manufacturer for service of old flow tube.

Re: KCWA/WHWD Transfer Contract Invoices – Notice of Default/Claim

Dear Mr. Hobbs:

This letter is in follow-up to the April 9, 2020 and December 1, 2020 correspondence from Kern County Water Agency (“Agency”) to Western Hills Water District (“WHWD”), as well as our subsequent discussions regarding WHWD’s default under the Contract to Transfer Water between the Agency and WHWD dated June 5, 2000 (“Contract”), and specifically the outstanding and long-overdue funds owed to the Agency under the Contract.

In light of WHWD’s uncured default, the Agency simply is not in a position to continue supplying water without adjustments, particularly as WHWD has not made any payments at all to the Agency since July 1, 2019. In the meantime, WHWD’s principal debt to the Agency continues to increase, along with interest. Based upon the information we have received to date regarding WHWD’s financial condition and its continuing disputes with funding source Angel’s Crossing, LLC, it appears to be very unlikely that WHWD will begin paying down its debt to the Agency in the near future.

As a result, the Agency must take measures to mitigate its losses and reduce WHWD’s accumulation of additional debt, pursuant to the Agency’s rights under Article 5 of the Contract. Article 5 provides, in relevant part:

In the event of any default by Western Hills in the payment of any money required to be paid to the Agency hereunder, or in any other obligations under this Agreement, the Agency in its discretion may suspend delivery of water to Western Hills during the period when Western Hills is delinquent in its payment for or obligations due to the Agency under the terms of this Agreement; provided, that (1) the Agency has given Western Hills not less than four months’ prior, written notice of any such default and provided Western Hills a reasonable time to cure such default, and (2) during any such period of delinquency or suspension Western Hills shall remain obligated to make all payments required under this Agreement.

The Agency provided such written notice to WHWD on April 9, 2020. At this time, over a year later, WHWD remains in uncured default.

Nonetheless, because WHWD has represented to the Agency that it is currently making good-faith efforts to generate additional funds for the purpose of paying down its debt to the Agency, the Agency is willing to provide a reasonable opportunity for WHWD to do so. Accordingly, rather than suspend water deliveries in their entirety, at this time the Agency will continue to supply WHWD 250 acre feet per year through December 31, 2022. However, the Agency reserves the right to impose further water limitations at any time (including prior to December 31, 2022), while WHWD remains in uncured default.

This amount is based upon WHWD's representation that its annual projected residential water demand is 250 acre feet. Our hope and expectation is that the reduction in WHWD's water expenses as a result of this measure will allow WHWD to focus its efforts on generating funds to repay the debt owed to the Agency.

Further, and based upon WHWD's representations that it is making best efforts to generate funds to pay its debt to the Agency, the Agency is willing to hold off on litigation to collect the amounts due and owing under the Contract, in exchange for a reasonable tolling agreement extension. Accordingly, the Agency proposes that the parties extend their existing tolling agreement for a period of one year, provided that either party has the right to commence litigation after providing written notice of such intention at least 60 days in advance. Please contact me to confirm that WHWD is amenable to this proposal, and we will prepare a proposed extension agreement.

The Agency does not waive any of its rights, claims or defenses at law or in equity, and the Agency explicitly reserves all rights, claims and defenses, including but not limited to its right to seek full damages and/or equitable relief as a result of WHWD's default.

Sincerely,

Ilse C. Scott

WESTERN HILLS WATER DISTRICT

ORDINANCE NO. 2021-1

AN ORDINANCE DECLARING WATER SHORTAGE AND IMPLEMENTATION OF WATER CONSERVATION MEASURES

WHEREAS, the Department of Water Resources, the operator of the State Water Project from which WHWD ultimately derives its water supplies, has declared that currently there will be a five percent (“5%”) Table “A” Water Allotment for 2021; and

WHEREAS, due to the ongoing contractual dispute between WHWD and the Kern County Water Agency (“KCWA”), KCWA is limiting water deliveries to WHWD in the amount of 250 acre feet per year through December 31, 2022; and

WHEREAS, pursuant to the Water Code §375, *et seq.*, the District is enabled to implement conservation measures and enforcement proceedings; and

WHEREAS, the Western Hills Water District Board of Directors, as set forth in detail below, find that there is a pending and urgent water shortage, and it is in the best interests of the District and its customers to implement the measures as set forth herein.

The Board of Directors of the Western Hills Water District does hereby ordain as follows:

1. Based upon present conditions, California is in a state of drought.
2. Given the current SWP Table “A” Allotment and KCWA’s determination that it will limit WHWD water deliveries to 250 acre feet per year through December 31, 2022 there is a significant likelihood that water demands in the District cannot be met.
3. It is hereby determined that present conditions compromise the District’s ability to supply raw water and/or treated water to its customers.
4. Based on current information, it is imperative that the District seek to reduce water usage by at least 25%.
5. Due to these conditions, the following Water Conservation Measures are hereby implemented:
 - A. All Meters (1” & 2”) will be monitored and water usage tracked to ensure a 25% reduction in use.
 - B. Water shall be confined to the customer's property and shall not be allowed to run-off to adjoining properties or to the roadside ditch or gutter. Care shall be taken not to water

past the point of saturation.

C. Free-flowing hoses for all uses are prohibited. Automatic shut-off devices shall be attached on any hose or filling apparatus in use.

D. Leaking customer pipes or faulty sprinklers shall be repaired within two (2) working days or less if warranted by the severity of the problem.

E. All pools, spas, and ornamental fountains/ponds shall be equipped with a recirculation pump and shall be constructed to be leak-proof. Pool draining and refilling shall be allowed only for health, maintenance, or structural considerations.

F. Irrigation of public and private landscaping is only permitted on Tuesdays and Thursdays and only between the hours of 12am and 8am.

G. Installation of new turf is prohibited. (All new developments as well as HOA and non-HOA maintained homes must use Drought Resistant landscaping moving forward.) HOA maintained homes that remove turf, must replace with drought resistance landscaping).

H. Washing cars is prohibited.

I. No water may be used for cleaning or rinsing equipment, trailers, or boats.

J. Washing streets, parking lots, driveways, sidewalks, or buildings, except as necessary for health or sanitary purposes, is prohibited.

K. Water for flow testing and construction purposes from water agency fire hydrants and blow-offs is prohibited.

L. Flushing of sewers or fire hydrants is prohibited except in case of emergency and for essential operations.

M. The “wasteful and unnecessary” use of water is prohibited, including but not limited to:

i. Allowing flow from an unattended hose, except cooling/heating/similar device discharges;

ii. Hand watering a lawn if it is also watered by other means, except for spot treatment;

iii. Hosing-down a driveway or other impervious surface instead of a broom to remove debris.

6. Strict enforcement of the Water Conservation Measures set forth herein shall occur in accordance with the Western Hills Water District's Water Conservation Measures Ordinance No. 2020-1, adopted herewith.

7. The officers, employees and agents of the District are hereby authorized and directed, jointly and severally, to execute and deliver any and all documents and agreements and to do any and all things which they may deem necessary or advisable in order to carry out and comply with the terms of this Ordinance.

8. This Ordinance shall be published by one insertion in the *Patterson Irrigator*, a newspaper of general circulation printed and published in the City of Patterson, within ten (10) days after its passage, and shall take effect immediately, in accordance with Water Code §376.
